

CHATHAM GAMBREL - HONORABLE MENTION
CAPE COD, MA

ARCHITECT: PATRICK AHEARN
FIRM: PATRICK AHEARN ARCHITECT LLC

JURY COMMENTS:

"There is a lovely transparency to this traditional home, from the passage through the carriage house to the see-through aspect of the front door toward the rear picture window. It is also well detailed throughout."

Timeless in its appeal, this turn-of-the-century-style home offers modern living amenities with an open floor plan, a rooftop walkway, and several custom touches that take advantage of the spectacular coastal views. The design was intended to appear as though the house had

been added onto over time. Marvin assisted in achieving the final look, providing several custom windows and doors, including a unique eyebrow-shaped window on the rooftop above the entryway. These unique windows not only add to the home's 1920s appearance, they also provide necessary protection to withstand the harsh coastal weather conditions.

MARVIN ROUND TOP WINDOW, SIGNATURE CUSTOM DOOR, SIGNATURE CUSTOM WINDOW, ULTIMATE AWNING WINDOW, ULTIMATE CASEMENT WINDOW, ULTIMATE DOUBLE HUNG WINDOW, ULTIMATE SWINGING FRENCH DOOR WERE USED.
